

# Reem Amgad

## Product Science Manager

### ABOUT ME

I have a background as a technical Manager of team, work directly with SMB leadership, product management, and a team of data scientists to identify and influence medium- and long-term strategy across products.

### EXPERIENCES

**(2012-2017)**

*Ginyard International Co.*

#### **TECHNICAL MANAGER**

- Work alongside product senior and engineering teams to help guide tactical and strategic product decisions.
- Design and use statistically sound methodologies for evaluating hundreds of tests on thousands of web pages across dozens of business-relevant metrics.

**(2018-Now)**

*Wardiere Inc.*

#### **PRODUCT SCIENCE MANAGER**

- Leading collaboration between data scientists and software engineers to expand Indeed's catalog of tools, techniques, and best practices for manipulating and interpreting terabytes of product data.
- Deliver challenging technical solutions at scale.
- Work together with team to remove roadblocks and giving individual contributors autonomy and ownership

### EDUCATION

**(2007-2011)**

*Ingoude University*

#### **BACHELOR OF MANAGEMENT PRODUCT**

GPA : 3.56
